Instructions for DESIGNATION OF PERSON IN PARENTAL RELATIONSHIP, pursuant to section 5-1551 of the New York State General Obligations Law.

PURPOSE OF THIS FORM:

This form will allow you to designate another person to make medical and educational decisions for your child(ren) or incapacitated person(s) in your care if you can't do so yourself for a specific period of time. This authorization can only be used for a period of up to six months. If you will need to have your child(ren)/incapacitated person(s) in the care of someone else for more than six months, you may wish to consider other options.

If there is a Court order that requires both parents to agree on education and/or health decisions regarding the child(ren), then both parents must sign the form. If not, only one parent's signature is required.

You keep all of your parental rights with this authorization and can cancel (revoke) this authorization at any time. The person you designate will be able to talk with your child(ren)'s school, teachers and medical providers, and will be able to make routine decisions. The person you designate will not be able to give consent for surgery or other major medical procedures but will be able give consent for routine medical matters. If you do not want the person you designate to be able to make certain decisions, such as decisions concerning immunizations, you can specify that with this form. If the person you designate makes a decision concerning your child(ren)/incapacitated person(s) that you do not agree with, you can override that decision.

The person designated must agree to be "a person in parental authority," and will not be required to assume responsibility for financial support of the child(ren)/incapacitated person(s). Your child(ren) will not have to change their school district if that person resides in another school district. In the event of your death or incapacitation, this designation automatically terminates.

INSTRUCTIONS FOR USING THIS FORM:

Paragraph 1: Fill in your full legal name in the space provided. If there is a Court order in effect that requires both parents to sign, the other parent will fill in their name in the space provided in Paragraph 7.

Paragraph 2: Fill in your address and telephone number(s). If this information is not included, the authorization will not be valid for more than thirty days. Use the address where you will be staying during the period this authorization is in effect, even if it is not your legal residence. For example, if this authorization is to be used while you are hospitalized, you would use the hospital's address.

Paragraph 3: Fill in the name, address, and telephone number of the person whom you wish to designate as able to make educational and/or health decisions for your child(ren)/incapacitated person(s). Fill in the name(s) and date(s) of birth for EACH child/incapacitated person.

Paragraph 4: Specify how long you wish this authorization to be in effect by checking the appropriate box and initialing next to it. Remember, you can always revoke (cancel) this designation sooner if you wish. Information about how to do that is included toward the end of these instructions.

- **Use (a)** if you want this designation to be valid for six months. If you choose this option, you must provide the address and telephone number for the parent(s) and the other person, and all the signatures must be notarized.

- **Use (b)** if you want this designation to be valid for thirty days. You do not have to include addresses and telephone numbers with this choice, but it is suggested that you do so in the event that medical or educational care providers need to contact you.

- **Use (c)** if you want to use specific dates, for a period of less than or more than thirty days. Remember, this designation cannot be used for more than six months, and you must include addresses, telephone numbers, and notarized signatures if you want it to be good for more than thirty days.

- **Use (d)** if you want this designation to begin when something specific, such as in the event you are hospitalized. For this, you write the specific event in the first space provided (example: “When I am admitted to a hospital”) and write the date or the event upon which the designation should expire in the second space (example: “thirty days later” or “when I am released from the hospital”). Again, you must include addresses, telephone numbers, and notarized signatures if you want it to be good for more than thirty days.

Paragraph 5: List each of the things you wish the person you designate to be able to do. Cross out and initial EACH item that you do NOT wish to allow the person you designate to perform. If there are other things you want to prevent the person from doing, use the blank lines below the list to write those down. For example, if you want to be contacted before any mental health examination is performed, you can write that in the space provided.

Paragraph 6: This paragraph allows the person you designated to have access to your child(ren)’s/incapacitated person(s)’ medical records and medical information.

Paragraph 7: This provides some information regarding this form. The parent whose name appears in Paragraph 1 then signs and dates the form. If this authorization is to be in effect for a period of more than thirty days, the signature must be notarized. In this case, you need to take the form to a notary public before you sign it, and sign the form in front of that notary public, who will then also sign the form to indicate that they witnessed your signature. If don’t do this, the authorization will automatically expire after thirty days.

Paragraph 8: If there is a Court order in effect that requires both parents to agree on education and/or health decisions regarding the child(ren), then the other parent will fill in their full legal name, address, and telephone number in the spaces provided. As with the first parent, they do not have to provide their address and telephone number if the authorization is for a period of thirty days or less, but may wish to. They must provide this information, and sign the form in front of a notary public, if the authorization is to be good for more than thirty days. If there is no Court order in effect that requires both parents to agree, you can leave this paragraph blank.

Paragraph 9: Fill in the full legal name of the person to be designated “in parental relationship” to the child(ren)/incapacitated person(s). They then sign and date the form, to show that they agree to be a person in parental relationship. If this authorization is to be good for more than thirty days, they will also need to sign the form in front of a notary public.

OTHER INFORMATION:

- Major medical treatment: The person you designate **CANNOT** give consent for "major medical treatment" which is any medical, surgical, or diagnostic intervention or procedure where a general anesthetic is used or which involves any significant risk or any significant invasion of bodily integrity requiring an incision or producing substantial pain, discomfort, debilitation, or having a significant recovery period. This does not include: any routine diagnosis or treatment such as the administration of medications other than chemotherapy for non-psychiatric conditions or nutrition or the extraction of bodily fluids for analysis; electroconvulsive therapy; dental care performed with a local anesthetic; any procedures which are provided under emergency circumstances, pursuant to section twenty-five hundred four of the public health law; the withdrawal or discontinuance of medical treatment which is sustaining life functions; or sterilization or the termination of a pregnancy.

For example, the person designated can give consent for a child/incapacitated person to have standard dental procedures, such as fillings, but not dental surgery where they would be unconscious during the procedure, such as having their wisdom teeth extracted. A parent's consent will still be required for major medical procedures.

- Revoking this designation: In order to revoke (cancel) the authorization, you simply have to tell the person you designated that you wish to do so, and they are required to notify the appropriate education and medical providers that the authorization has been terminated. While the parent is not required to do this in writing, or to notify the child(ren)/incapacitated person(s) education and medical providers that they have revoked the authorization, they may want to, so that there is no confusion. If two parents signed the form, either parent can cancel the designation by themselves, you do not need both parents.
